Interim Results for the 6 months ended 31 March 2025

Directors' Interim Report

FIRST HALF

We are pleased to report a solid performance for the first half of the current financial year, in line with management expectations. Overall, Group revenue increased by 2% to £31.6 million (2024: £31.0 million). Our operating profits have increased by 5% to £3.8 million (2024: £3.7 million), and it is encouraging to see the improvement in operating profit margin to 12%. Profit before tax increased 4% to £4.1 million (2024: £3.9 million). Earnings per share improved 11% to 36.4p (2024: 32.9p). First half currency movements decreased Group revenue and profit by 3%.

The increase in Group revenue was driven by our non-UK businesses, and specifically in the Keypad division, which continued the recovery shown last year, although demand there continues to fluctuate. Modest growth in non-UK Lift businesses was outweighed by a drop in revenue at our UK Lift businesses. The Transport division continued with solid growth in revenue and profit.

The Group balance sheet remains strong with cash at the period end of £11.5 million (2024: £19.9 million). This is after paying £7.0 million to acquire the existing property at A&A Electrical Distributors site in South Woodford, London on 31 January 2025, as well as an additional £2.5m contribution into the pension scheme in October 2024.

OUTLOOK

The North American market has shown resilience in the first half of the year, but the ongoing uncertainty surrounding tariffs continues to affect confidence levels and cause delays in construction projects. The UK lift market has experienced some softening this year, exacerbated by weak UK economic performance. Persistent inflation, tight public sector spending and current subdued business confidence is also likely to make for a tough second half, however, there are opportunities for growth if the market stabilises. Orders in Australia have been mixed this year, and we are implementing a reorganisation to improve customer focus; this will impact on the second half, but the investment should improve future performance.

On balance, we expect a challenging second half of the year, with headwinds impacting on our growth prospects in several key markets.

DIVIDENDS

The Directors have declared an interim dividend of 5.00p per ordinary share (2024: 5.00p) which amounts to £387,000 (2024: £387,000). The interim dividend is payable on 13 August 2025 and will be posted on 8 August 2025 to shareholders appearing in the Register on 18 July 2025 (ex-dividend date being 17 July 2025).

A final 2024 dividend of 11.50p (2023: 11.00p) which amounted to £889,000 (2023: £882,000) was approved at the AGM held on 18 February 2025 and was paid on 26 February 2025 to members on the register at 17 January 2025.
